- Represented GIC at the NASA Space Apps Challenge 2021 as the main presenter.

PROJECTS

Aasha Nepal: Collected and analyzed the data obtained from the survey and uploaded it to Aasha Nepal App. Professionals' data can be searched and filtered to make mental health care more accessible.

Covid Resource Tracker: The application provides a cross-platform which personalizes the risk-calculating of the COVID-19 according to the user's geography and provides them with resources to overcome those risks. Awarded the title of Global Nominee for NASA's Space Apps Challenge, which honors the top 10 percent of the global projects.
